Announcement

It is with pleasure that I announce the approval of a joint venture agreement between Carel South Africa and Afcon Industrial Equipment for the distribution of Carel products throughout Kwazulu Natal.

Carel will have a dedicated sales person based in the Afcon offices in Durban and the task of this person will be to develop the sales of Carel products throughout the region by providing hands on product support and informing the local engineering community about the capability of Carel products.

This presents an exciting opportunity to further grow Carel's footprint throughout the country.

Rodney Taylor
Managing Director
